فرمانداری شهرستان جلفا

Dear chancellor,

Being located at the borderline of Iran and its northern neighbors Azarbaijan and Armenia, Jolfa has been one of the major economical strongholds of Iran and today it is constantly visited by the people of those countries.

Having a crucial geographical and strategic position, Jolfa has always been among the favorite cities of the central government.

Jolfa's inhabitants are ranked as first interns of education in the country and the general security of this city is conspicuous.

No doubt, it was because of its distinguished position that Jolfa was ratified by the parliament as a "Free Zone".

Later on, the establishment of "International University of Jolfa" was emphasized as essential by Mr. Bathai and gained the support of the Governor _ General of East _ Azarbaijan province and also regional universities.

Therefore, this Governorship states its total support of that remarkable educational project and is compeletly ready to cooperate in the immediate start of the establishment of Jolfa's International University.

Faithfully Yours,

Aliyar Rastgou

Jolfa Governor

From: The General Governor's Office of East Azarbaijan Province

Very kind attention to dear the chancellor of Swinburn University of Australia

Greetings

With Compliment, referring to your letter no. 11347, dated 30-11-2003, Jolfa's Construction Company in addition to confirming its contents appraises that:

East Azarbaijan province, with the centrality of Tabriz city, as the second academic city of I.R.Iran, enjoys from especial economic, social and scientific privileges all over the country and region and also its geographical position is much more exquisite due to neighboring with Armenia and Azerbaijan and also an easy access to Turkey and other European Countries.

International situation of Jolfa Economic - Industrial Free zone in the boarder line of this province and its multitude potentials beside to expanded business of foreign citizenry, persuaded the province management to do preparations for establishment of Jolfa International university project in collaboration with an overseas university and with private section cooperation and usage of multiple scientific and academic resources and capacities. Through investigating various alternatives and expertise meetings with Dr. Shayan, one of the professors of that esteemed university, essential co-ordinations have been fared with the authorities and involved persons of private sector and academic center and suggestion of establishing this university in a common way has been approved by the management.

Now, here in addition to confirmation of full capability of financial backer of this project, means Caspian Trade Complex, and serious participation of region universities and higher educational centers, we announce all readiness of the province management for providing all substructures and necessary facilities essential for establishing this university, which we wish create a basic evolution in developing academic relations between I.R.Iran and Australia. I hope with your excellencies and other authorities of Swinburn university agreement, as one of the authentic universities all over the world which I had the honor to attend too, see establishment and initiation of Jolfa International University as soon as possible.

Thank you entirely in anticipation from your excellencies accommodate and cooperation.

Lords success

Yours faithfully,

Mohammad-Ali Sobhanallah

The General Governor of East Azarbaijan

JOLFA OMRAN Co.

**The President
Swinburn University of Technology**

His Excellency,

It is certified that Mr. Seiyed Mohammad Ali Bathaei is the proprietor and investor of Caspian Commercial Exhibition Complex and is one of the major investors of Jolfa Commercial-Industrial free zone. He has invested in numerous field including:

1. Caspian Commercial Exhibition Complex (first phase) with 60000 m² infrastructure
2. Caspian Commercial Exhibition Complex (second phase) with 120000 m² infrastructure
3. Partnership in initialization and establishing of 100 acres of second phase of Jolfa Commercial-Industrial free zone.
4. Light industries project establishment with 8000 m² infrastructure

He is founder of an international university in Jolfa Commercial-Industrial free zone. Therefore, free zone administration having a positive look and regarding his financial status and interest in culture activities, has issued the required certificates. Recently we had complete discussion with the province official especially Dr. Sobhanallah, East Azarbaijan governor. Also we held meeting with officials of major universities in the province including Tabriz University, Azarbaijan University of Tarbiat Moallem, Sahand University of Technology, not to mention a few sessions with Professor Shayan.

Considering the willingness of universities for cooperation in this project through activities such as presenting lectures and giving laboratory workshop facilities to the new university, we hope to see the establishment and activity of the above mentioned international university in the Jolfa Commercial-Industrial free zone provided that we benefit your cooperation and guidance.

Furthermore, we confirm Mr. Seiyed Mohammad Ali Bathaei's abilities and competence in the establishment of the international university and we express our full and non-conditional support of this project.

We look forward to hearing from you soon, and in the meantime we remain

Faithfully yours

Re: Submission for approval of Credit Transfer Program by CIUJ

Dear Mr Bathaei

We are pleased to participate in establishment of the Caspian International University in the Province of Eastern Azerbaijan – Iran. I would also like to congratulate you for progress made so far both in international and national developments.

The Tabriz University has an extensive range of laboratory, and library facilities servicing 12000 students at all levels of higher education. This university has SIO academic staff in a range of disciplines, who have mostly graduated from prestigious English speaking universities or are quite advanced in written and spoken English.

List of some relevant laboratories, equipment and academic staff of this university is provided in this submission.

Tabriz University is committed to make its faculties and academic staff available to CIUJ to cover their needs in its early years of establishment. We also understand that the other two partner universities will also contribute their resources to further enrich the resources available to CIUJ, as clear from the respective lists. The necessary agreements. For utilization of these resources have been discussed and appropriate contracts will be signed in due course.

Yours sincerely,

Mohammad Reza Pourmohammadi, Ph.D.
Chancellor,
University of Tabriz
